Create Your First Classpage In 3 Easy Steps !

Once you have received your [Classpage Account](#) from your school administrator, you can create your first classpage in seconds by following these steps.

1) Using your Internet web browser, go to your school's classpage directory:

<http://yourclasspage.com/your-school-code>

([your-school-code](#) is your school's 10 digit telephone number with no dashes)

2) Sign in as follows:

From your school classpage directory, find your name and click "[Teacher Sign-In](#)" to the right of it.

Enter Your Password: (see your school's administrator if you do not know it)

Click the GO button

GO

3) When the classpage editor page is displayed, click the Add Text button [Add Text](#).
Now click inside the text-box and type "[Welcome To My Classpage!](#)"

When finished typing the welcome text, return to the top of the editor page by clicking the Top To Save button [Top to Save](#), enter your password, and click the "SAVE and NOTIFY" button [SAVE and NOTIFY](#).

View your classpage by clicking the View Classpage button [View Classpage](#).

Congratulations! You have successfully created your first classpage.

To help you explore the exciting features of your classpage in more depth, please print the [Classpage Editor Guide](#) found online at <http://yourclasspage.com/editor.html>.

Enjoy the service!
